## PRESS KIT

The Dorset Park Band is dedicated to delivering the finest in dance-rock entertainment for corporate retreats, fundraisers and festivals. We deliver tunes that are simply irresistible, and whose appeal spans the generations. We are experienced, reliable, and fun, and we know how to work with event planners and corporate meeting planners. Our performers have been each playing music for 20 years or more.

### Style/Sound

With both female and male lead singers, we deliver great vocal variety, complemented by tight harmonies and dynamic on-stage chemistry. Guitars and keyboards deliver a full and pleasing sound. An upscale dress code and a highly professional attitude ensures an event that is seamless and smooth from long before set-up to long after teardown. We are extremely proud of Canadian music and we try to keep our repertoire 50% Canadian.

We work with our clients to learn about any specific tunes or other customization that might be required, and we always involve the audience in playing along.

Our show has been designed to appeal to corporate event planners who are looking for professional performers, not divas or closet rock-stars. We know we are hired to please the audience, and leave them with great memories of a high-energy, enjoyable event, and that is what we deliver.

### Location

We are based in Milton and are available to play anywhere in the Greater Toronto area, including Niagara and Cottage Country
